### Our Consecrations.

From out each yesterday of life All have some precious store to keep; Some little store of golden worth, Some treasure rescued from the deep Of those gone hours; ere yet the waves Of time have closed their quiet graves.

Thrice dark of all dark days that one Which leaves no brightness from its hours, No nightingale to sing at eve, No after fragrance from its flowers, No holy dew distilled from Heaven, To consecrate it fresh at even.

Bless'd art thou, heart that yearnest (though The tears that din thine eyes be vain) To call back something from thy past, Some yesterday to life again, The gladdest summer of our years We consecrate by autumn tears.

Each consecrates some precious part,
Some secret store of hidden worth:
We garner each our harvest sheaves
Our golden memories of earth,
Against the winter time of need— That we may after come and feed.

And when the yesterdays of life Shall all be numbered, still I deem Each one shall have his store to keep His fadeless relic of earth's dream; Some shadows softened by God's light Some star that made his journey bright

## Hannah Fanthorn's Sweetheart.

Fifty years ago, and yet I've but to shut my eyes and there comes Willy over the hill, as I used to see him coming when I sat waiting for him at the farm-house window. Sometimes on horseback, oftener a foot, for the Hall was not very far away. Now-a days you see the boys and men all alike in black, or with (maybe) a bit of gray or brown. It wasn't so then. Will wore a blue coat with guilt buttons, and knee-breeches, and silk stockings, and buckles on his shoes, and a buff vest; and on gala days, claret-color and white silk. Handsome in any one's eyes and wonderfully so in mine for I was half Quakeress, half Methodist, 1,604 45 and had never worn anything gay myself.
Tall? Surely he was tall. Never a Has5,998 46 let under six feet, and broader in the shoulders than any one of his age. featured and rosy, and just twenty-five.

Will's father was rich Squire Haslet, and they lived at the Hall, a grand house, we thought it, for we were plain people. Father a Quaker, mother a Methodist, and he kept to the plain dress and language all his life. In those days there never was a Methodist who wore gay colors or new fashions, and mother took to the poke bonnets and grave dresses naturally.

So we were quiet enough, not a picture nor an ornament in the house. Not a fiddle, though brother Barzillai begged to have one. And at dusk Saturday night work put away, and the house clean and not so much as a mouthful cooked the Sabbath through. Every thing cold; and mother put the key in her pocket and took us girls one way to the Methodist meeting, and father took the boys to Quaker meeting—for that was the compact, and they never let religion come

It was all so different at the Squire's. The curtains and carpets and Mrs. Haslet's caps say-she was a bit prejudiced-that what and carvings and painted windows and gay bonnets, the Episcopal church was for al the world like a play house. Sister Ellis used to say to me, "For all that I'd like a pink bonnet myself and to go where there

I was a bit of a thing with blue eyes and a skin like wax-not a drop of color in it, and didn't there come an artist, who painted miniatures, to our place one summer and tell me my face was "classical," and nearer the "antique" than anything he ever saw .-I was pleased with the first, but the last worried me, for do what I could, though it sounded like a compliment, I could make no meaning of "antique" but old, so I asked Willie, and said he,

"Come to my house, and I will show you. So mother let me, and I went. There, in neck of a woman and down to the waist .-A "bust," he called it. Says Willie, "That's than any picture could be.

"Never like me," said I; and then I blushed and turned away, for not a tucker nor scarf had she-and I felt ashamed.

## Thurlow Weed on Secretary Stanton.

Interesting Scraps of History.

From the New York Times.

The malignant but senseless assault of Montgomery Blair upon Secretary Stanton is having one good effect, in calling out, a it does, triumphant vindications of the character and services of a really great and pa triotic statesman. Col. Forney and an in telligent correspondent (C. P. S.) in th Times have furnished contributions to a vi dication still, however, imcomplete; for if were ever essential to a Government that i should have the "right man in the righ place," this Government was twice pre-emi nently fortunate in having Mr. Stanton-first in the Cabinet of Mr. Buchanan. and next in Mr. Lincoln's Cabinet.

There is somewhere in Maryland, a supposititious locality where Mr. Blair affects to find "fellow citizens" on whom to inflict im aginary speeches. These fictions enable him to get long-winded tirades into the news papers, one of which, garnished with flam ing head-lines, appeared in the World, and the introductory expletives in the Tribune Mr. Blair says:

"It is apparent, from the whole course of public affairs, that Mr. Severard acted in concert with Buchanan's administration during the last three months of his term. He was, no doubt, advised, through Mr. Stanton, who was in Mr. Buchanan's Cabinet, of the policy it had adopted in refence to the seizure of everthing that appertained to the nation in the South. It was to the coalition then formed between Mr. Seward and Mr. Stanton that the latter became Secretary of War Stanton that the latter became Secretary of Wa to Mr. Lincoln. He apprised Mr. Seward of thi treaty of the War and Navy Departments, unde Buchanan, to make no resistance to the policy of dissolving the Union—to offer no coercion to impede its march to independence—and Mr. Seward's course shows he approved and adopted this policy. Is it not strange that Mr. Seward should have kept that paralysis on the country from the 4th of March to the 13th of April, when the conflagration of Sumter aroused the people?"

This treason-for such is the charge-wa committed, if at all, before Mr. Lincoln came into office. Why did Mr. Blair not only conceal it, but sit there with Mr. Seward in the Cabinet, claiming all the while to be Mr. Seward's friend and champion, quarreling with others, but even furiously supporting Mr. Seward? But the charges are untrue, viciously untrue.

The truth is, that the first and paramount design of the secession leaders was to obtain before, or on the 4th of March, by coup d' etat, possession of the capital, with the sancthwarted by Mr. Stanton. As a member o Mr. Buchanan's Cabinet, he became inform ed of the treasonable objects of his colleagues, Cobb, Thompson and Toucey, and of the imbecility, at least, of the President. Placing himself in confidential communica sagaciously. Traitors were by degrees Mr. Seward in preserving the Government, The 4th of March approached, amid treasons and conspiracies in the highest classes. the occasion of the inauguration General

Stanton and who shall trade in any contraband article of Seward never met. When the danger was merchandise shall be subject to be dealt with over and the day of rejoicing came, Mr. by the Chinese Government, without being Stanton supped with Mr. Seward. But it was then and there that I learned how large a debt of gratitude we owed to Edwin M. Stanton before the rebellion broke White and Black Labor in the South.

And how immensely has that debt been augmented by his three years of indomitable industry, inflexible integrity, high courage and devoted patriotism, in the War Department? With a War Secretary deficient in any of those great qualities, our trials, ity rose with and triumphed over every disaster, all was safe.

Yet, with a personal knowledge of the utter falsehood of his charges, Montgomery Blair, who is a "common scold" in the Cabinet, and a political nuisance everywhere, is engaged in traducing, or endeavoring to traduce, Secretary Stanton

Of Secretary Seward, Mr. Blair says: Mr. Seward, it seems, made no direct reply to a letter of Judge Campbell, referring to the pledges he communicated from him to the Confederate commissioners, and stating to him that "the pledge to evacuate Fort Sumter is less forcible than the words you employed. These words were, before this letter reaches you, (a proposed letter by me to President Davis), Sumter will have been evacuated." Seward, conversed freely with Judge Campbell; we do not deny, nor do we doubt, that in these conversations, at one period he intimated that Fort Sumter would be evacuated. He certainly believed so, founding his opinion on his knowledge of General Scott's recommendation.'"

Mr. Seward has endured, as is his habit. much of misapprehension and obloquy, in reference to this question, without reply. shall content myself now with saying that a few days will entirely clear away the mists which have rendered it obscure, placing the responsibility, with the reasons for his action,

In the meantime the urgent agricultural wants of the Southern States, in the way of labor, can be met at once by the emancipated slaves, and those planters who are disposed in a liberal spirit to adapt themselves to the employment of their late slaves as freemen are pursuing their true policy. On the other hand, the planter who turns his niggers adrift, under the idea that he can do better by the employment of white laborers, is setting an example which, if generally followed up, nust inevitably, from the pressure of hunger, drive the blacks to systematic spolia tions and scenes of bloody violence. If the blacks are stupid and foolish in their exaggerated notions of emancipation the intelligence of their late masters must be kindly used to enlighten them. The two races, about half and half throughout the Cotton States, cannot exist together without harmony, and the ignorant blacks accustomed to the guidance of the whites, still look to them for instruction and employment. Such admirably directed munificence as which I could steel without bein hauled up was shown in the Philadelphia Volunteer fer it. in the distance. It told them that not only their own kindred and neighbors, but the community of loyal people everywhere, looked upon them with affection and gratitude, and felt that every possible comfort and token of appreciation should be bestowed upon them. Many a kind thought has been given to the citizens of Philadelphia for this well-doing in which there was never weariness, as the soldier wiled away the dreary hours of camp life with memories of the few pleasant incidents of his military experience. It was precious too as a haven of rest and refreshment for the sick and wounded on their slow and melancholy journey home. They never came to the Re freshment Saloon to be repelled by a closed door or an empty table, but were a welcom ed as disabled heroes always should be too as a practical temperance lecture; and the amount of drunkenness, crime and misery which it prevented cannot be calculated. Other cities held up the example of Phila-delphia as a model of judicious liberality, and the good deeds of the men and women whose open purses and ready hands kept up the Saloon to the very end of the war, are their own ample reward.

We observe that a Philapelphia journal takes the pains to correct the inadvertent statement of a contemporary that the soldiers who received the hospitality of the Volunteer Refreshment Saloon were feasted with "coffee and cakes." There is hardly a family in the North which will not learn from its military member the truth of the matter. The soldiers who passed through Philadelphia bound North or South, wheth er they came singly or in brigades, found always ready for them the baths which after their journey were their first thing needful, and such a meal as the soldier found no where else after leaving his own home. The bill of fare included beef and pork, fresh and corned; ham, tongue, cheese, bread and butter, boiled potatoes, pickled beets, cabbage, cucumbers and onions (those delights of the soldier's heart and stomach,) stewed apples, and hot coffee, with sugar and milk, and of the million and a quarter of guests who have been entertained there since the 6th Massachusetts regiment passed through on its way to Baltimore, not one has found fault with the feast in respect to quantity or quality. - Boston Daily Advertiser.

How Rebel Citizens Whipped an old Union Man Sixty-seven Years old, in Hawkins County.

28th of last July, by six of his rebel neighbors. He was decoyed off from his home into the woods by a neighbor who pretended to wish to see him on business. On halting, one of the party drew a pistol, and ordered him to strip off his coat, vest and shirt. The old man remonstrated, but the ruffian exclaimed, "Pull them off, God d—n you, or I'll shoot you." The ring-leader then drew off his own coat, and taking a big cowhide, gave the old man one hundral. lashes on his bare back. The old man beg ged leave to sit down, when his tormenton answered, "God d-n you, I'll give you

He continued to lash him until the blood splattered over his clothes. After whipping him on the back, he began to beat him over the breast. The lynchers then ordered the old man to run. He hobbled off, and the ruffian followed, beating him over the head with the butt of the cowhide. At last one of them threw a large rock, with violence which barely missed his head. The ruffians then told him if he ever told of the affair they would kill him and every one on his farm. Two of the lynchers have been ar rested and bound over for trial, and the others are lurking in the woods. They sent in word to their victim the other day that it he did not withdraw the suit they would kill

We shall wait patiently to see whether sympathizing newspapers, who are so enraged at acts of violence done to rebels, will ut ter one word of disapprobation at the brutal whipping of an old Union man .- Nashville
